LED LIGHTING® LONG LIFE - ENERGY SAVING LED LAMPS

Glass Surface Systems stands in the forefront of delivering Green Lighting solutions. Using LED lighting to replace existing incandescent and fluorescent lighting offers dramatic energy savings and lamp longevity. In many cases an 80% or more energy savings can be obtained, allowing these lamps to pay for themselves in as little as 6 months. We offer a wide range of options including: ceiling can LED fixtures, Par and R Floodlights, A-series, and T5-T8-T10 Linear LED lamps, and many more.
