SURESHIELD® SHATTERPROOF HID LAMPS

Glass Surface Systems is proud to have approval to use Teflon line of coatings. This is one more reason we are able to produce superior shatter resistant coatings. Safety coated high temperature lamps: Metal Halide. 175 watt/250 watt/400 watt/ **1000 watt**. HPS / High Pressure Sodium. Low Pressure Sodium. Mercury Vapor. Clear and Red BR40 heat lamps. Teflon can take the heat. Chemically resistant with unsurpassed clarity. GSS has unmatched production capacity on our entire Sureshield line of lamps, giving unbeatable turnaround time on your orders.
