

GLASS SURFACE SYSTEMS Inc.

GSS Compass® LED Tube Lamps

Glass Surface Systems now offers LED tubes that will fit your hard to fit fixtures with rotating bases to focus light output:

Introducing our comprehensive line of LED adjustable case lamps: GSS Compass®. These lamps will fit any fixture, and with custom rotating bases the 180 degree beam can be adjusted to best light your space. These custom end caps are specially designed to fit ANY fixture and focus the light right where you need it most. These are the perfect plug and play retrofit tube lamp for any fixture anywhere!
